CANADIAN INTERNATIONAL TRADE TRIBUNAL INITIATES REVIEW STRUCTURAL TUBING FROM KOREA, SOUTH AFRICA AND TURKEY

Ottawa, Ontario, April 9, 2008—The Canadian International Trade Tribunal today initiated an expiry review of its finding made on December 23, 2003, in Inquiry No. NQ-2003-001, concerning the dumping of structural tubing from the Republic of Korea, the Republic of South Africa and the Republic of Turkey.

On August 7, 2008, the Canada Border Services Agency will determine if there is a likelihood of resumed or continued dumping. If so, on December 22, 2008, the Tribunal will determine whether the continued or resumed dumping is likely to result in injury or retardation.

The Tribunal is an independent quasi-judicial body that reports to Parliament through the Minister of Finance. It hears cases on dumped and subsidized imports, safeguard complaints, complaints about federal government procurement and appeals of customs and excise tax rulings. When requested by the federal government, the Tribunal also provides advice on other economic, trade and tariff matters.

Any interested person, association or government that wishes to participate in the Tribunal's expiry review may do so by filing a Notice of Participation.
