CANADIAN INTERNATIONAL TRADE TRIBUNAL ISSUES ORDER

STRUCTURAL TUBING FROM KOREA, SOUTH AFRICA AND TURKEY

Ottawa, Ontario, December 22, 2008—The Canadian International Trade Tribunal today issued an order following the expiry review of its finding made on December 23, 2003, in Inquiry No. NQ-2003-001, concerning the dumping of structural tubing from the Republic of Korea, the Republic of South Africa and the Republic of Turkey.

The Tribunal found that the dumping of structural tubing from Korea, South Africa and Turkey was likely to result in injury or retardation. The Canada Border Services Agency will therefore continue to impose anti-dumping duties on these products.

The Tribunal is an independent quasi-judicial body that reports to Parliament through the Minister of Finance. It hears cases on dumped and subsidized imports, safeguard complaints, complaints about federal government procurement and appeals of customs and excise tax rulings. When requested by the federal government, the Tribunal also provides advice on other economic, trade and tariff matters.
